Dear Andre

ACVV Khayaalethu Donation of Internet Connection and WiFi

A heartfelt thank you for your donation to Khayaalethu. Your continued generosity allows us to further our mission to care for the boys at the centre and is appreciated by all.

Our boys started their 3rd school term at the end of July along with the Karate programme. All the boys take part in the Monday and Wednesday Karate sessions along with some of the staff members.

I've included some photos of the boys assisting our community with the eradication of invasive species in Theescombe. They worked hard and were treated to donuts and cooldrinks.

Our kitchen manager and class teacher have started a Wednesday cooking lesson for the boys. Last week they were taught how to make melkkos and shared their successful lesson with friends and staff. It's a wonderful bonding time for staff and children.

Once again thank you for your donation to Khayaalethu. It means a lot to our boys when people from the community show an interest in them by lending a supporting hand. It is a great encouragement to our staff and helps us to care for the boys.

Kind regards,

Director Khayaalethu ACVV Youth Centre & Oliver House
